NEGRO FIRED AT.

Great Number of Blacks Hid In Cornfields.

Springfield, Ill., Aug. 18.—An attack upon the pickets and the enforced movement of 150 negroes from the cornfields on the outskirts of the city to the state arsenal kept the militia busy Tuesday morning. Firing upon sentries and their answering shots occurred less than two blocks from the headquarters of General E. O. Young, at the county jail. No one was injured in the affray, but flying bullets from the militia's carbines caused consternation in the district.

The trouble followed an attempt to set fire to a factory building on Eighth street, between Jefferson and Madison. A negro, who had been ordered away from the place several times during the night, was discovered lurking in the shadow by Private George Howell of Troop F, First cavalry. Howell again ordered the man to move on, but the negro's reply was a shot from a revolver. He dashed down the street, disregarding the commands of other sentries to halt. As he turned into an alley Corporal Adelman and Private H. Lowenstein, both of Troop B, fired at him. The shots went wild, but they aroused headquarters, two blocks away, and Company E of the First infantry was sent to the place double-quick. The alley and adjacent houses were searched, but no trace of the fugitive was discovered. The affair happened shortly before daybreak and was the third occasion of the night in which attempts had been made to assassinate militia pickets.

The clearing out of cornfields southeast of the city was the result of successive nights of terror in Harvard Park. An inspection of a cornfield late Monday showed that at least 150 negro refugees were camped therein. The presence of the negroes is thought to have been responsible for the disturbed conditions in the suburb. Both Monday night and Sunday numerous shots were fired there, and it is now thought minor depredations by starving refugees caused the troubles. At daybreak Tuesday Company E, First infantry, under command of Captain Jacob Junson of Chicago, was sent to the place to herd the negroes into the arsenal.

Support to Governor Deneen's appeal to citizens of Springfield to aid the authorities in fastening the responsibility for the riots upon the ring leaders was given at a meeting of the chamber of commerce and Business Men's association. Strict enforcement of laws was urged upon officials and aid of associations was pledged. Clergymen of Springfield took similar action, adopting resolutions declaring that the "lax administration of laws, which has so long characterized this community," is largely to blame for the riots. The efforts of State's Attorney Hatch to bring offenders to justice was commended, as was also the refusal of Mayor Reece to allow saloons to reopen.

Told Doctor Certain Things.

New York, Aug. 18.—New light is expected to be thrown upon the Bay-side Yacht club tragedy at the inquest at Flushing, L. I., into the death of William E. Annis.

Dr. Henry Houghton, the physician who was at the side of Annis when he lost consciousness, is quoted as intimating that Annis in his last moments, acknowledged he was paying wit his life for wrongs he had committed. "He told certain things to me," Dr. Houghton is quoted as saying, "which no one else heard and which I have told to on one. When I am called on to testify before the coroner's jury I probably will make it public."

That there is absolutely nothing in the attitude of either of the Haines to indicate that they are laboring under any delusion or any great excitement at the time of the shooting is asserted by the doctor.

No Reason Known.

Paris, Tex., Aug. 18.—B. F. Holloman of Bladestown, this county, shot himself through the left temple in the presence of his thirteen-year-old boy. He had had a brief conversation with his wife about a visit to his brother-in-law. He left no reason for the fact. Holloman was a wealthy farmer and aged fifty-five years.

PLANTATION PURCHASED.

Deal by Texas For Ellis Land at Last Completed.

Austin, Aug. 18.—It has developed that the deal for the purchase by the state penitentiary board of the Ellis plantation has been finally closed. Last winter when negotiations were on for the purchase of this plantation, along with others, the deal was not closed. The attorney general has received the abstracts of the land on the plantation for approval. The consideration is in the neighborhood of \$300,000.

The secretary of state's department has received from Chairman Wolfe of the recent state Democratic convention a list of Democratic nominees, which includes the name of Colonel Milner as a candidate for reelection for commissioner of agriculture. Commissioner Milner said that now he will officially tender his resignation to the executive committee and also resign to the governor.

The railroad commission issued its order approving the application of the Texas Midland to issue and register \$2,000,000 of first mortgage bonds on the entire line of 112 miles. The bonds bear 4 1/2 per cent interest and mature in thirty years.

The state board of normal examiners, in session the past three weeks, has completed its labors and adjourned. The result of the work is now being compiled. It is understood the board passed about 5,000 applications for teachers' certificates and the percentage of failures is somewhat large. The board presented State Superintendent Cousins with a handsome silver handled umbrella, also appropriate resolutions.

CHAFIN NOTIFIED.

Ceremonies in Connection Therewith Held at Chicago's Music Hall.

Chicago, Aug. 18.—The meeting at which Eugene W. Chafin of Chicago was formally notified of his nomination as the Prohibition candidate for president, was held at Music hall Tuesday night. The notification address was made by Prof. Charles Scanlon of Pittsburg, general field secretary of the temperance committee of the Presbyterian Church of America. Mr. Scanlon was permanent chairman of the national Prohibition party convention at Columbus in July, and, therefore, it fell to him to make this address. He represented the notification committee, composed of one member from each state in the Union.

Following the notification, Mr. Chafin delivered his speech of acceptance. He outlined the policies which the Prohibitionists will make in the campaign this fall.

The addresses of Messrs. Scanlon and Chafin were followed by Clinton B. Howard of Rochester, N. Y., one of the leading members of the Prohibition party, and one of its prominent speakers. Mr. Howard's speech was on the subject of the progress of prohibition reform in the United States. A number of the leading members of the Prohibition party were present.

Man's Sad Plight.

Muskogee, Okla., Aug. 18.—Unconscious and perfectly nude, P. S. Wiant, supposed to be a wealthy business man of Jenks, was found in the rear of a business house here. A bottle of chloroform was found near him. He was taken to a hospital. The physicians think he can not recover. The only identification was a number of cancelled checks amounting to several hundred dollars which had been paid by a bank at Jenks.

Two Earthquake Shocks.

Eureka, Cal., Aug. 18.—Two sharp earthquake shocks were felt here Tuesday morning. The first was at 3 o'clock and the second at 5:45. The first was heavier and did some damage to walls of old buildings, but no one was injured. Crockery in many houses were broken and the sleeping inhabitants were startled into wakefulness. The walls of the courthouse were slightly cracked.

Aged Divine Dies.

Griffin, Ga., Aug. 18.—Rev. Joseph Head, a retired Baptist minister, known all over Georgia, is dead.

SHERMAN IS INFORMED

At Utica of Nomination For the Vice Presidency.

HAD INKLING OF HONOR.

Candidate Praises Head of the Ticket and Heartily Endorses the Views Set Forth in the Lattar's Speech Made at Cincinnati.

Utica, N. Y., Aug. 18.—Hon. James Schoolcraft Sherman was officially informed by Hon. J. C. Burrows, on behalf of the Republican notification committee, that he had been nominated for vice president of the United States today.

Thousands of visitors were in the city, and interurban trolley cars from as far west as Syracuse were crowded. Among distinguished men present were Secretary of State Root and Chairman Hitchcock of the Republican national committee. Hon. W. H. Taft sent his regrets that he could not attend. The ceremonies took place at noon.

Democrats of the city had offered to remove their banner for the day, but Mr. Sherman would not hear of it. Half a block further up the street a Taft and Sherman banner of equal size called out cheers from the passing crowds.

Following the notification ceremonies Mr. and Mrs. Sherman entertained the members of the notification committee and a few guests at luncheon. The afternoon was given over to a carnival of sports and music at Utica park. A dinner by Mr. Sherman, band concerts and electrical illuminations at night brought the day to a close.

Flags were draped everywhere about the picturesque Sherman home and the temporary speaking stand was covered with bunting and flags. A vice presidential salute of nineteen guns was fired at 11 o'clock. Bands gave morning concerts at various squares.

The notification committee was met by a local reception committee at the Baggs hotel and escorted to the Sherman home in carriages. The committee passed beneath the huge Bryan and Kern banner.

In well chosen words Mr. Burrows notified Mr. Sherman of his nomination, paying a high tribute to Mr. Taft's running mate.

During his reply the vice presidential nominee stated that he chanced to be in Chicago when the convention was in session and had an inkling of its action, which was confirmed on the occasion of his home coming. He declared he was in full accord with the platform adopted; that every word uttered by Mr. Taft at Cincinnati in his acceptance address met his approval. The latter, Mr. Sherman declared, was exceptionally fitted to fill the office of president.

While asserting himself a protectionist, Mr. Sherman said he favored an early revision of tariff schedules.

Referring to his own record, the nominee used these words: "I have helped to make my party's record in the enactment of the eight-hour law, the employers' liability act, the statutes to minimize the hazard of railroad employees, the child labor law for the District of Columbia, and other enactments designed especially to improve the conditions of labor. I cannot hope to better state my position on injunctions than by a specific endorsement of Mr. Taft's Cincinnati declaration on that subject. That endorsement I make."

He declared himself in favor of an adequate army and navy, restoration of the merchant marine, conservation of our natural resources, fostering of friendly foreign relations, enforcement of the civil service law and enactment of such statutes as will more securely and more effectively preserve the public health.

Secretary Root made a brief address, as did also President M. W. Strycker of Hamilton college, of which Mr. Sherman is a graduate.

Rooster Spurs Man.

Bonham, Tex., Aug. 18.—While in his back yard endeavoring to kill a chicken, John O'Keefe, deputy tax collector, was attacked by a large Plymouth rock rooster. Before the fowl could be driven away he spurred Mr. O'Keefe on a leg, arm and his breast. His injuries are so severe that a physician had to be called. Lockjaw is feared.

ADDITIONAL FIRE HOSE.

Better Facilities for Fighting Flames Will Render Service More Efficient.

There has been purchased by the city council, and its receipt is shortly expected, 500 feet of 2 1/2 inch fire hose of the best manufacture, which, when put in commission, will give Protection No. 1 an equipment of 1700 feet of hose, fully commensurate with its other facilities. The purchase was made some time since from a Dallas house, but some delay on the part of the dealers has prevented its prompt delivery. It is likely now, however, that the material will be turned over to the department within a few days, after which it will be far better equipped to combat a conflagration than before.

Bryan Morning Eagle

Entered at the Postoffice in Bryan,
Texas, as second class matter.

BY CARNES & WALLACE

BRYAN, TEXAS, AUGUST 19, 1908.

True love seeks not self-gratification
but rejoices in self sacrifice.

Texas farmers should at least see
to it that all the peanut money is kept
in Texas.

Whatever others may think, there
is no doubt that Castro believes he
can beat the Dutch.

In Republican political circles this
year there is more viewing with alarm
than pointing with pride.

The farmer who raises a little of
everything and not too much of any-
thing is never a pessimist.

Vagrants of every class are a source
of danger wherever they are tolerated.
They should be "run in" or "run out."

According to the assessors' rolls
sent in this year, Dallas county stands
first in taxable property, Harris sec-
ond, Tarrant third and Bexar fourth.

Whoever has the machine and wishes
to do so can now send an automom-
bile to England by parcels post. But
the Bryan postoffice isn't handling or-
ders of that kind yet awhile.

"Party politics is nothing but or-
ganized appetite conspiring for spoils,"
says Mr. E. W. Kirkpatrick. Of brass
collar party politics this is unques-
tionably true.

The delegate to the San Antonio
convention who addressed the chair
as "Brother Moderator" for the mo-
ment lost sight of the difference be-
tween a Democratic convention and a
Baptist association.

Now that Farmer E. W. Kirkpatrick
has declined the Hearst party's nomi-
nation for governor and declared him-
self a supporter of Bryan, there is no
room for doubt that he is one of the
level-headedest men in Texas.

That Hains-Annis case promises to
be another nastication long drawn
out. For the sake of decency and
morality there ought to be some means
found to stop the publication of the
vile, disgusting details of such cases.

According to the Democrat a two-
story brick building in Marlin, 50 by
100 feet, was begun, completed and
turned over to the owner in seven
days. The average number of work-
men employed was fifty.

Almost every day there are an-
nouncements of the reduction of tax
rates in Texas counties. When the
people get used to the full rendition
law, everybody will be pleased with
it.

IMPORTANT EVENTS IN LIFE OF ADMIRAL EVANS.

Born in Floyd county, Va.,

Educated in the public
schools of Washington, D. C.
Appointed to Naval Academy
Sept. 20, 1860; graduated in
1863.
Made ensign Oct. 1, 1863;
lieutenant, July 25, 1866; lieuten-
ant commander, July, 1878;
captain, June 27, 1893; rear ad-
miral, Feb. 11, 1901.
Participated in attack on
Fort Fisher, Jan. 15, 1865.
Earned his title of "Fighting
Bob" during the year 1891, when
he was in command of the York-
town at Valparaiso, Chili.
During the war with Spain he
was commander of the Iowa,
taking active part in the destruc-
tion of Cervera's fleet, July 3,
1898.

Washington, D. C. Aug. 18.—
The name of as gallant and effi-
cient an officer as ever wore the
American naval uniform was re-
moved from the active list to-
day when Rear Admiral Robley
D. Evans, known the world over
as "Fighting Bob", was retired
for age. Admiral Evans took the
great Atlantic battleship fleet
around Cape Horn last winter
and his official career virtually
ended with the arrival of the
fleet at San Francisco. Since
that time he has been on leave
of absence and has been so-
journing at various health re-
sorts in an effort to conquer a
bad attack of rheumatism, an
ailment from which he has suf-
fered for a number of years.

With the single exception of
Admiral Dewey, "Fighting Bob"
Evans was undoubtedly the best
known and most popular officer
of the American navy has ever
known since the heroes of the
Civil War period passed from
active life. Admiral Evans in
recent years has been known as
the reliable man of the navy,
for there was always assurance
that he would discharge his du-
ty with courage and patriotism,
and with tact and diplomacy,
should his mission become a deli-
cate one. Throughout his car-
eer he was adored by his men,
and he knew also how to hold
the favor of Washington.

Admiral Evans began fighting
in the Civil War when he was
still in his teens, and completed
his record of actual hostilities
by the great work he did with
the battleship Iowa at Santiago.
In the interval and since that
time, he rendered his country
every kind of service.

SHERMAN IS NOTIFIED.

Utica, N. Y., Aug. 18.—Hon. James
S. Sherman was notified today that he
is the Republican candidate for the
vice presidency. The ceremony was
made the occasion for a big demon-
stration in which the Republican or-
ganization of Utica, Rochester, Troy,
Syracuse and other cities took part.
In addition to the other visitors the
early morning trains brought the
members of the notification commit-
tee, representing nearly all the States
and Territories.

The event of the day was preceded
by a parade which marched through
the decorated streets of the downtown
section. The actual notification cer-
emonies were simple in character. After
Congressman Sherman had been
introduced, Senator Burrows, chair-
man of the notification committee, no-
tified the candidate in a short speech,
and the latter replied briefly. Short
speeches were delivered also by Mayor
Wheeler and President Stryker of
Hamilton college. Subsequently a
luncheon was served for the promi-
nent guests from out of town.

BIG ARCHERY TOURNAMENT.

Chicago, Ill., Aug. 18.—On the splen-
did ranges in Washington Park today
several score of devotees of the bow
and arrow gathered for the opening
of the annual tournament of the Na-
tional Archery Association. The rep-
resentative attendance gave evidence
of the revival of interest in the once
popular sport. Among the places rep-
resented by the entrants were Seattle,
Cincinnati, Battle Creek, and Atch-
ison, Kas. Regret is felt that neither
Mrs. M. C. Howell of Cincinnati nor
H. B. Richardson of Boston, holders
of the women's and men's champion-
ship titles, respectively, have been
able to come to Chicago to defend
their titles this year.

are to meet at catchweights, which is
a help to Thomas, and it the general

Every member of the Presbyterian church is requested to cut this out and use it for a book-mark at the Epistle of James, and to read that epistle through once each day during the entire time of our study. The wisdom and profit of this plan can be realized only by putting it into practice. All who would like to join us in this study are cordially invited to attend with us our prayer meeting services on Wednesday at 8:15 p. m.

OPERA HOUSE OPENS MONDAY.

Professor Stuart, Hypnotist, Appears for Week as Initial Attraction of the Season.

Prof. Stuart, the renowned hypnotist, will be the opening attraction at the Bryan Opera House this season, and in his exhibitions, there is no doubt, patrons of the theatre will find most interesting and highly instructive entertainment.

Mr. J. B. Mike secured a contract with the management of the attraction yesterday and Stuart will make his opening appearance next Monday.

As an entertainer in his particular class the professor comes highly recommended from all parts of the world, he repeating the feats of Griffith, the well known hypnotist, and introducing many new features and practical illustrations of the power of hypnotism. He is now playing the last of a two weeks engagement at the Bijou theatre in Houston, and is only secured for Bryan through a break in his jump to Dallas, where he is also booked for two weeks.

Following Stuart, Manager Mike has a large and choice booking of some of the best known attractions on the road this season. His booking is done through the Chicago Theatrical Company, agents for the Grenwall circuit, which gives him the same advantage held by the largest playhouses in the State.

BARGAINS IN SEASONABLE WEAR.

Edge Dry Goods Company Will Offer the Public Quality and Cheapness.

To close out the remainder of their summer stock and to give the patrons of the establishment the benefit of some exceptional fall bargains Edge Dry Goods Company is arranging a schedule of most advantageous prices to apply to seasonable goods which will be placed before the public on August 20th to continue until August 29th. A member of the firm states that there is not an article in their stock which has depreciated by a single iota in its original value, but that the need of room for the mammoth fall and winter stock now being purchased and a regard for the excellent patronage extended during the year prompt them to make the reduction in first sale prices.

Much of interest in this connection to the public will appear in these columns during the week, to which attention is respectfully directed.

SEVERELY SLASHED WITH RAZOR

Charged with committing an assault with a deadly weapon, Ida McCoy, a negress, is being held at the county jail pending developments in the victim's condition. Hattie Taylor, also a colored woman, was severely slashed twice across the face Monday evening with a razor, but the wounds are not believed to be dangerous. The assault occurred in a negro quarter of the city and was prompted by jealousy.

FUNERAL OF LITTLE CHILD.

At 4 o'clock yesterday afternoon burial services were held over the remains of Dolly, the four year old daughter of Mr. and Mrs. John Konecny, whose death occurred the preceding evening at 7:30 o'clock. Interment was observed in the city cemetery, the funeral taking place from the family residence. Dolly was a most precocious child, and with her sweet winning ways had endeared herself to all who knew her and entwined her little being strongly around the heartstrings of her fond and indulgent parents. Their many friends extend heartfelt sympathy, with whom the Eagle joins and commends for their comfort the words of Him who said "Suffer little children to come unto Me, for such is the kingdom of Heaven."

IMPROVEMENT WORK STARTED.

Large Section of Main Street Scraped Yesterday—Crushed Rock Comes Today.

Under the direction of Commissioner Shelburne the preliminary work to reinforcing Main street with crushed rock was put under way yesterday and last evening showed it well advanced. The new scraper was in commission all day and the loose soil from a considerable section of the thoroughfare was removed and placed on other streets.

Today the first consignment of crushed rock, of which 250 tons costing approximately \$450.00 has been purchased, will arrive and the work will be pushed with all possible expedition.

"LOOK UP—LIFT UP."

A good sized congregation greeted Rev. J. A. Challenor in the Christian church Sunday morning and listened with interest to his first sermon after his vacation. He spoke of what had been accomplished during the past year and of plans for the year to come. In connection with the latter he announced that the motto for the next year will be: "Look up—Lift up." The work in all lines has prospered under his pastorate and he and his people feel greatly encouraged to press on to greater victories.

FOREST FIRES FEARFUL.

Total Losses May Run Up to nearly Five Million Dollars.

Winnipeg, Aug. 18.—Further reports received by the Canadian Pacific railway of forest fires on their property on Vancouver Island indicate that never before in the history of the island has such damage been wrought by fires. Indications are that thus far the timber loss will reach close to \$5,000,000. The fires are still burning. Settlers living in isolated parts have been driven into fruit farming districts, where cleared lands afford an element of safety. The mountain sides are swept bare. Many hundred head of cattle have been destroyed.

Wife Dead, Husband Held.

Cincinnati, Aug. 18.—Mrs. Jennie Roberts, forty-five years old, died as the result of a murderous attack made on her while she lay asleep in bed in her home, 1545 John street. Her face was mashed almost to a pulp and she was otherwise injured. David M. Roberts, her husband, is being held by the police on suspicion. Roberts is a brother of Edward Roberts, Jr., head of the lumber firm of Roberts Lumber company, and will inherit considerable money from the estate of his father, who died a few weeks ago.

Commission Restrained.

Jackson, Miss., Aug. 18.—Judge Niles of the Federal court has granted an injunction restraining the Mississippi railroad commission from enforcing an order requiring limited trains of the Louisville and Nashville railway to make stops at Bay St. Louis. The commission has endeavored to enforce its order through the state courts.

Since his arrest Hurlfeld has been locked up in the toms.

Proverbs of Siam.

It has been said, "Tell me a people's proverbs, and I will tell you what sort of people they are." Judged in this way, the Siamese are a shrewd people. The Menam, their chief river, is to Siam what the Nile is to Egypt, and the elephant, tiger and crocodile are found in jungle and stream.

Here are a few of their proverbs: "When you go into the woods, do not forget your wood knife." "Place not your boat across the stream" (because of the current). "An elephant, though he has four legs, may slip, and a doctor is not always right."

"Go up by land, you meet a tiger; go down by water, you meet a crocodile" (there are difficulties on all sides). "Nobility is seen in the race, manners in the individual." "If a dog bite you, do not bite him again." "He who lives under the sky should not be afraid of the rain." "Nourish no worms that eat timber" (be careful in the choice of friends).—London Scraps.

Friday Comes but Once a Week.

Friday is the weekly fraud. Everything goes wapper jawed, and the sailor man who sails finds himself food for whales, and the man who killed a friend on a Friday meets his end. On a Friday trade is slack, all the trains run off the track; William Doe, to his amazement, draws \$10 and ten days; brickbats fall from buildings high, break your neck and make you cry; fevers, fires and frosts abound, earthquakes come and snort around. Old Subscriber in a pet comes to swear at the Gazette. Every one is feeling blue, everything is hind end to, yet some comfort we may seek. Friday comes but once a week.—Emporia Gazette.

POLITICS AND POLITICIANS.

Governor Harris of Ohio, Governor Hughes of New York and Senator Beveridge of Indiana will be the principal speakers at the formal opening of the Ohio Republican campaign at Youngstown next month.

Seven aspirants are contesting for the seat of the late United States Senator Latimer of South Carolina. Former Governor John Gary Evans, who has been a regular candidate for the senate ever since he closed his term as governor in 1896, appears to be running strong in the present race.

The canvass for the Republican nomination for the governorship of Connecticut between Congressman Lilley and Lieutenant Governor Lake has been enlivened of late by personal attacks on the former of a spirited sort not seen in the Nutmeg State since the famous McLean-Warner canvass of 1900.

Joseph L. Bristow, the choice of the Republicans of Kansas to succeed Chester I. Long in the senate, is nationally known for his work as fourth assistant postmaster general from 1897 to 1905. He had charge of the investigation of Cuban postal frauds and the reorganization of the Cuban postal service in 1900.

Michael C. O'Neill is said to be slated for the nomination by the Independence party for governor of Massachusetts. Mr. O'Neill was a delegate-at-large to the recent national convention of the party in Chicago. The Independence party is believed to be stronger in Massachusetts than in any other State. In the campaign last year the party's candidate for governor polled more votes than did the Democratic candidate.

State Senator McNeill of Bridgeport is the leading candidate for the Democratic nomination for governor of Connecticut, and can doubtless have it if he wishes. Prior to the recent convention in Denver the name of Senator McNeill was prominently mentioned in connection with the vice presidential nomination on the Democratic ticket. He is a warm friend and supporter of William J. Bryan.

William Strother Cowherd, who has been nominated by the Democrats for governor of Missouri, has practiced law in Kansas City since 1882, in which year he was graduated from the University of Missouri Law School. He represented the Fifth Missouri district in congress from 1897 to 1905, and was mayor of Kansas City from 1892 to 1894. While in congress he was chairman of the Democratic national congressional committee. He was born in Missouri in 1860.

William Hayward, the new secretary of the Republican national committee, and who is to have charge of the presidential campaign in the West, is but thirty-one years old. He has the distinction of being the youngest judge and the youngest brigadier general in his native State, Nebraska, and the youngest State chairman in the country. He is a son of the late M. I. Hayward, who was elected to the United States senate from Nebraska in 1902 and died on the day he was to take his seat.

Lawton T. Hermans of Mason probably will be chosen as the Democratic candidate for governor of Michigan. Mr. Hermans is described as a real orator, a student, a writer of history, a lawyer and a politician. As a member of the State legislature and delegate to the constitutional convention, he made a good record and attached to himself many influential friends. Whichever one of the three aspirants for the Republican is named it is predicted that Mr. Hermans will give him a close race.

MEXICO'S OIL FIRE.

Burning Well Has Widened to the Dimensions of a Volcano.

The great fire which has been raging in the Dos Bocas oil well near Tampico for forty-three days has baffled all attempts which have been made to extinguish it and it is now greater in volume than ever before.

From a hole eight inches in diameter the well has widened to a volcano with a crater 100 meters across. It is estimated that the flames reach a height of 400 or 500 feet, while the black column of smoke continues into the clouds.

The report received from the students sent to the scene by the Mexican government estimated the amount of oil consumed at least 20,000 gallons per minute. As the oil is partly consumed, the residue rolls down the sides of the crater in a mass of black substance resembling pitch, while the boiling oil sputters, foams and explodes over the sides.
